

San Gabriel Annual Report: 2011-12

Attachment I. D. Staff Training

Due to the pending adoption of a new MS4 permit, limited training was undertaken in FY11-12. Senior Civil Engineer Algis Marciuska attended STORMCON 2011 in Anaheim in August 2011. Workshops attended included storm water quality management, low impact development, and BMP Selection. Associate Engineer Angela Cheng and Public Works field staff Rick Villareal and Frank Cardenas attended NPDES/TMDL training conducted by TECS Environmental Compliance of Pasadena on June 6, 2012. Training covered development planning, construction and post-construction BMPs, and IC/ID detection and elimination.
